

Submitting a RAD Second Component Application

Below are instructions for creating an account and submitting an application for the RAD Second Component.

- Go to www.radresource.net
- Under the “2nd Component” description toward the top of the page, click “Public Access – 2nd Component”
- Click “Create an Account”
- Enter your information, selecting User Type “RAD Second Component Applicant” at the bottom. Click submit. NOTE: if you are applying for RAD 2nd Component, do not select any other user type. Only select “RAD Second Component Applicant.” If you are able, fill out the “Agency Name” or “Affiliate/Company” sections, but these are not required.
- Once this has been submitted, you will see a screen that says “Your account has been created. You may [login](#) now.” Click on “[login](#),” then click on “LOGIN” at the top of the page, and log in using the username and password you just created (do not need to wait for a confirmation of approval).
- Click “Submit an Application” at the bottom.
- Follow instructions at the top of the page to submit a RAD2 application.
- After clicking “Create Application,” a new page will appear where you can upload documents or other attachments.
- To submit a document, click “Upload Documents.” Then click “Choose File” under the corresponding section, and choose the file that you would like to upload for that section. When you are done, click “Save for Later” if you are not ready to submit, or “Submit Application” if you are ready to submit.
- You can view and upload additional information about your project any time you log on.
